

Families today often want a farewell that feels personal, dignified, and uncomplicated. At Grady's, we provide direct cremation options with professional care, transparent pricing, and a straightforward service with dignity & respect.

Just Cremation

A simple, non-attended cremation at the crematorium without a formal service, offering a straightforward and affordable choice for families who prefer a private farewell.

We offer two options under our Just Cremation plans:

1. Eco - A private cremation arranged by us at the crematorium's earliest availability. There is no family attendance, but every step is carried out with care and dignity, using a Jute - Eco coffin and a suitable vehicle for conveyance to the crematorium.

2. Standard - Similarly non-attended at the crematorium, but with the added option for family and friends to wave the hearse off from Grady's, and, if they wish, to follow to the crematorium gates. This plan includes a wood-effect coffin and also allows the family to view their loved one in the Chapel of Rest by appointment.

In both, we handle the necessary arrangements, paperwork and care of your loved one, ensuring the process remains respectful and straightforward. This includes Cremated Remains, to be returned to Grady's. Just Cremation keeps things simple, while still providing a dignified final journey.
